## GODFREY MEETS HIS WATERLOO

Takes the Count in His Match With Art Allard

Art, Godfrey of Minneapolis, met his Waterloo last night when he went up against Art Allard, of Butte, Mont., formerly of Hubbard, in Germania hall, the Minneapolis man taking the count of ten just before the end of the tenth and last round of the fight. It was a gruelling contest all through. The decision was earned by the copper country boy.

The first two rounds opened with both men cautious and sparing as a rule. Godfrey was awarded the ringside verdict in the third and fourth rounds. He did a lot of effective work in these rounds, playing for his opponent's kidneys and stomach. The fifth and sixth rounds were even breaks, but in the eighth and concluding rounds, Allard went after his man in earnest, and had him groggy from then on. In the tenth round, Allard sent Godfrey to the floor no less than five times, with right and left hooks to the jaw. When Godfrey staggered to his feet just as he was counted out, it was evident that the fight was Allard's.

Allard did practically all of the forcing, leading throughout, with Godfrey on the defensive. The defeated man did not show up as well as in previous bouts here, and his boxing last evening was a distinct surprise.

Old Olson of Calumet refereed the bout, and gave general satisfaction. There were three six-round preliminaries, all of which were good.

John Tuominen appeared at the ringside and was introduced as the champion middleweight catch-as-catch-can wrestler and Godfrey, previous to his match, issued a challenge to fight any middleweight in the world.

## TERRIBLE ITCHING AND BURNING

Scalp Eczema for About Five Years. Form of Ringworm. Thick, Rough Scale. Entirely Well After Using Cuticura Soap and Ointment.

Iberia, Mo.—"I was troubled with scalp eczema for about five years and tried many cures, rising to a thick, rough scale that would come off when soaked with oil or warm water, bringing a few hairs each time, but in a few days would form again, large each time, and spreading until the entire back of the head was covered with the scale. This was accompanied by a terrible itching and burning sensation. Now my head is completely well and my hair growing nicely." (Signed) Mrs. G. F. Clark, Mar. 25, 1912.

## PRIZES FOR CHILDREN.

Saginaw Man Offers Awards For Essays on Birds.

Announcement is made that W. H. Mereson of Saginaw will award medals to the school children of Michigan for the best essays on birds. Those submitting essays must write the articles themselves, must relate incidents in their own observation of birds showing they have acquired knowledge outside of books, and nests must not be disturbed.

The state will be divided into three sections, the upper peninsula, the 28 southern counties, and the counties north of those. There will be a set of prizes for grammar schools and one for high school. A medal will also be given the teacher in each section having the largest number of pupils with accepted essays. The prizes will be given on Arbor and Bird day in May, 1913. All essays and photographs must be in the hands of committee by March 1, 1913, except those under No. 4, relating to feeding of winter birds, and these must be submitted not later than April 10.

The awards will be made as follows:

1. Medal for best essay on "Esthetic and Educational Value of Song and Insectivorous Birds."
2. Medal for best essay on "Economic Value of Birds."
3. Medal for essay showing greatest knowledge from personal observation of life and habits of our common birds.
4. Medal to school or person making most successful effort in feeding wild or other birds during the winter of 1912-1913.
5. Medal for school or person doing most efficient work in protecting birds during summer of 1912.
6. Medal for school or person building and protecting most successfully used bird-house.
7. Medal for the two best photographs, or sets of photographs, taken in any part of the state of a wild bird or birds.

## ASKS ABOUT SIGNS.

Negaunee Troubled With Old Problem Says City Attorney.

Theodore A. Thoren, city attorney for Negaunee, has written as follows to City Clerk MacDonald, touching on an old problem of the city's administration:

"There has been considerable discussion in our common council relative to the regulation of electric signs extending over the sidewalk. It is contended that these signs are a serious menace in case of fire and the chief of the fire department has recommended that an ordinance be passed prohibiting any of these signs being put up. It is contemplated to allow only a vertical sign, that is one put close to the building and extending out about two or three feet. I would like to know if your common council has ever had this subject up for discussion and if so what is the position that they have taken. I would greatly appreciate an expression of your views in this matter."

In reply to this letter, Mr. MacDonald, the Hancock city clerk, replied that the local city council had handled this problem a number of times. They had had no apprehensions concerning electrical signs as fire traps or fire producers, but they had ordered a number of dangerous signs taken down and had otherwise regulated the matter.

John Holland Receives Lower Orders at Marquette This Morning.

Rev. Fr. Atfield, pastor of the St. Patrick's Catholic church in Hancock, has been advised by Rt. Rev. Fr. Elsie Bishop of Marquette that John Holland, the son of Mrs. Bridget Holland of this city would be ordained into the priesthood on Dec. 26. The ceremony will be performed in the Marquette cathedral however, in place of at St. Patrick's church, as was originally planned owing to the inability of the bishop to come to Hancock the day after Christmas.

Mr. Holland arrived in Marquette yesterday morning coming here from St. Francis seminary in Milwaukee, and this morning he received the orders of deacon and sub-deacon, which will prepare him for ordination. The parents of the young man and a number of his school friends will go to Marquette Christmas in order to be present at the ceremony the following morning.

## Laurium Department

## START JUNIOR A. O. H. BRANCH

Laurium Boys Will Engage in Military Practice

At a recent meeting, preliminary steps were taken to organize a juvenile branch of the Ancient Order of Hibernians, this being the first branch of its kind in the upper peninsula. It will be composed of boys from ten to sixteen years of age and they will be given a military training, similar to the training which is being given to the boy scouts. They will not, however, carry arms. The first step in this direction was taken at a meeting held Sunday, which was largely attended from Division No. 2, A. O. H. of Calumet who called on the boys and discussed the plan with them. All were enthusiastic and a bright future is predicted for the juvenile branch, which will be composed of from 55 to 60 charter members.

Another meeting will be held early in the new year, when officers will be elected thus completing the organization and the division will be formally instituted by County President Daniel Crowley of Hancock.

At the last state reunion a plan was formulated for launching a number of juvenile organizations throughout the state and by-laws were prepared. It is planned to follow the Laurium organization with other juvenile divisions in other parts of the country.

Division No. 5 Officers.

At the last regular meeting the members of Division No. 5, A. O. H. elected the following officers:

President—Thomas Donahue.

Vice-president—Daniel Holland.

Recording secretary—P. H. Sullivan.

Financial secretary—Barth O'Brien.

Treasurer—Dan Donahue.

HO ON-KEE ANNUAL "FEED."

Big Banquet of Sportsman Club Early in the New Year.

Preparations will soon be made for the annual banquet of the Ho-On-Kee rod and gun club, which likely will be held in the Laurium bank hall, or some other suitable place soon after the first of the year. It has been the custom for several years for the members to gather during the winter season to recount the stories of the chase and some of the "big ones" caught during the summer, and this year will be no exception. Several of the members will be commissioned to go out to the tall pines and bring in a collection of rabbits and the members will be invited to participate. J. C. Hansen likely will be asked to stir the "hot yam."

The Ho-On-Kee rod and gun club is one of the oldest sporting organizations in the copper country, its limited membership being confined to natives of Houghton, Ontonagon and Keweenaw counties, from which fact the name is derived.

## PLANS BILL TO CONSERVE BIRDS

Game Warden Oates Favors Conservation of Bird Life

William R. Oates, state game warden, in planning a conference to discuss a bill for the conservation of bird life in Michigan, with a reasonable hunting season, according to Jefferson Butler, held agent of the National Association of Audubon societies, who went over the matter with the warden.

Major Oates intends calling in a federal expert on game laws, sportsmen and women's organizations of the state.

"Major Oates says he will make no announcements in the matter," said Mr. Butler, "as he prefers to do something for the future and he thinks it imperative that some conservation legislation be passed during the winter."

"It is quite likely that the fire warden service will be transferred to the public domain commission or what a forester will be provided for. Undoubtedly, some provision will be made for the propagation of wild life, as all conservationists are agreed on that question."

"A great many are of the opinion that the work of protecting the song and insectivorous birds should be under the care of those directly interested rather than the general game protectors. The last legislature did very little to help. We are all hoping for better treatment during the coming winter."

Next summer I hope to be able to have one of the small islands in Lake Erie set aside as a bird reserve and later to take up the question in regard to Lake Huron. I am making a census of the water birds of the Great Lakes and already have a fair start in this work."

At the meeting held this week, the members of the Keweenaw Lodge P. & A. M. made a donation of \$25 to the Good Will Farm at Houghton.

The annual meeting of the Laurium fire department will be held the first Tuesday in January, at which time officers will be elected and the annual reports presented.

Miss Ruth Blay, daughter of Mr. and Mrs. W. J. Blay, is expected home today from the Milwaukee Normal, and will spend the holidays with relatives and friends.

The work of installing the new glass front at the People's theater has practically been completed by Contractor Edward Ulsch. The improvement will be highly appreciated by those who have to wait between shows.

## HAS HAD NOTABLE CAREER.

Baron Alverstone Lord Justice of England, 70 Tomorrow.

London, Dec. 21.—Baron Alverstone, Lord Chief Justice of England, will celebrate his seventieth birthday anniversary tomorrow. Lord Alverstone has held his present high position for more than ten years. Previously, as Sir Richard Webster, he was known as one of England's greatest lawyers. His specialty was railroad and commercial cases. His career has been an unbroken succession of important promotions. In 1885 he was appointed attorney-general in the first government of Lord Salisbury. In 1890 he became chief of the Rees and a few months later was appointed Lord Chief Justice. Few men now in English public life are better acquainted with America and Americans than is Lord Alverstone. He has frequently visited the United States and his only son, who died ten years ago, was married to an American woman. Baron Alverstone was chairman of the British commission to the Chicago World's Fair, and also served as a member of the Berlin Sea and Vancouver Boundary Arbitration Commission.
